

# Don't Do It

Wiley

Don't do it if your heart ain't in it  
Don't try and do it if your heart ain't in it  
Don't be a bad boy if your heart ain't in it  
Don't come against me if your heart ain't in it  
Don't do it if your heart ain't in it  
Don't try and do it if your heart ain't in it  
Don't be a bad boy if your heart ain't in it  
Don't come against me if your heart ain't in it

Don't do it if your heart ain't in it  
I do it, because I'm in it to win it  
I've got lyrics  
I'll be in the game til the whole game's finished  
Some of yous give up because your heart ain't in it  
I knew one bredda when his heart weren't in it  
He saw the limelight and he thought he'd seen it  
Now he's washed up, on the sideline, shotting B  
But if he came back, I got [?] he couldn't win it  
Since that day  
That soundboy left a level of MCs that changes every minute  
All the bullshit blud, I ain't in it  
I make my flows stink like fern in acrylic  
Hear my music, yeah my heart's in it  
And when I write my bars, my heart's in it  
Catch me on the road with real street people  
Ready to get busy, believe my heart's in it  
Even if I gotta live to see another day  
I'll be back to show you that my heart's in it  
If there's a spider in my room, I won't kill it  
But humans, they try push it  
I'm the meaning of raw, look it up  
I saw the title, I came and took it  
You want some of my time, then book it  
Don't beat around the bush, and don't play crooked  
A lot of them rap it, but they can't hack it  
They know what money is, but they don't stack it  
Is that a two two, or a baby niner you're packing?  
My advice is saying that you're lacking  
I don't know what you take me for  
Like I don't know about gun clapping and human trapping  
I've been a don since back in the day when them man was fussing  
Eskiboy

Don't do it if your heart ain't in it  
Don't try and do it if your heart ain't in it  
Don't be a bad boy if your heart ain't in it  
Don't come against me if your heart ain't in it  
Don't do it if your heart ain't in it  
Don't try and do it if your heart ain't in it  
Don't be a bad boy if your heart ain't in it  
Don't come against me if your heart ain't in it

Don't do it if your heart ain't in it  
You must've been, but  
You don't have to do anything you don't wanna do  
Unless you give yourself a reason to  
If not, then your heart ain't in it

And you end up half-hearted or quarter-hearted  
You didn't really start, you sort of started  
But you didn't really give a clue  
No point starting with no heart  
Stop thinking the start if that's the main part  
You won't get far with no heart  
Until the point you wanna rewind back to the start  
This ain't a CD, there's no back skip  
This is life blud, you'll get a fat lip  
So think twice blud, because it's drastic  
If your heart ain't in it, you're wasted  
You're a wasteman, you're empty  
My heart's prominent here, not temporary  
My heart's in this, I'm still heartless  
I'm still serious, so don't tempt me  
You need a heart to have a good performance  
My heart's active, your heart lays dormant  
So don't do it if your heart ain't in it  
Or you might as well go stand in the audience  
If you're half-hearted, you might as well quit  
You're making it harder for the rest of us guys  
Out trying to spit  
While you're half-hearted, chatting shit  
Don't mean to put you off, because that's wrong  
If your heart's in it, then carry on  
Catch the meaning of the song  
Half-hearted is long  
Serious

Don't do it if your heart ain't in it  
Don't try and do it if your heart ain't in it  
Don't be a bad boy if your heart ain't in it  
Don't come against me if your heart ain't in it  
Don't do it if your heart ain't in it  
Don't try and do it if your heart ain't in it  
Don't be a bad boy if your heart ain't in it  
Don't come against me if your heart ain't in it
