Yo
Eskiboy
Tunnel Vision Volume 2
Nothing long
Big up Guyver for this one (Tiger)
Oi, I wanna big up all the Roll Deep (Mad)
All the Boy Better Know massive (Boy Better Know)
You know me
Eskiboy
Doing this ting (Doing it)

Justin's busting to take my title
I won't let it go without a fight though
Now he's getting bigger in the game, trying to be my rival
Really I'm looking down on them
As if I was the Eiffal
I might call Kylea for this one
It's likely, we might be swinging 'til nightfall
I'm a straight winner, don't need to be spiteful
Fully grown boy, I'm not like you
But if I have to, I'ma start bussing like Mike
If you know I'm in a bad mood, run for your life
Don't, hype with the knife, come sly with the [?]
Come along boom-boom, riding my bike
I swear Josh that's what I'm like
'Cause I've had a hard life
Watch the news, life ain't shite
Then I see you angry, fighting the mic
I'm like, what's your problem with the mic
Then I remember

I was at your stage, six years back
Had a strap in the back of the car six years back
So what could you teach me
I learnt the lessons you're learning today about six years back
I'm like six years
Yeah, that's a very long time
Can you imagine what I've learnt
In fact, it's baited from my life, I'll burn your whole camp
You wouldn't be shit without six years back

And it's not a long ting when you come and battle me
And you couldn't hassle me
The intelligence won't ever baffle me
You're a shambles rudeboy, scramble
It's not your day but still give it a try
And we'll give 'em a reply
Still gotta decide, if I wanna be horrible, give 'em pressure they can't handle
It's not even a clash at the moment
But I've got a couple new flows they're potent
MC's wear away like erosion
It's not your time, the block that's mine
Do what I done blud, I clocked that grime
Got power, get back to peaking one hour of practice
Irony had this open up
That's why you get a look in, or even a booking

Don't mess about, I got the blue beats cooking
My bars are too deep so you won't get a footing
And you can't put in what I put in
You're a sheep, make foot steps
Never know when I ain't gonna creep
I can't tell you when I had a good sleep
But I'm looking at the game and I've still got a look in
