Let Go

Wiley

It's understandable why
But you gotta let go man
I don't wanna keep telling you, like
I'm gonna fly through and do my ting
You're not- you're not ever gonna be able to stop me from doing it
Like, it's in my blood, innit
You've gotta let go of me, like
Stop holding on now, let go
Find a new person, like
Get on with your life
You've got a future
It's not all about me
Wiley, Eski it's not all about me, like
Look into your own future
You gotta do your ting
Also you must not forget Tunnel Vision 1 to 10
You must not forget that
Blueprint
Must not forget Playtime Is Over
June of 4th
But right now, you gotta let go of me
You gotta let me fly now
I got stuff to do, like, I got responsibilities
I got dreams to fulfill
Obviously, I got people to look after, you get me?
You can't be holding onto my leg, like
You gotta let go of me, star
May as well get on
Eskiboy
Roll Deep, Boy Better Know, Eskibeat Recordings
Adamantium
The whole thing
Yo
That's why you gotta let go
Let me fly
You can fly as well, like
No one says you can't fly
Yeah
Eskiboy
Hold tight the three cranes
Something's about to get built, hah
Empire
Yo
Eskiboy
Hold tight the ladies
Yeah
Yeah, of course I'm skanking
What, am I skanking in the booth?
Aye, you know I'm a skanker, skankers boogie though
Eskiboy
Playtime Is Over
June of 4th
