Wiley

(Fatality)

E2 weaver  
Had the first Sega  
Blud, I emerged out of jungle fever  
Volume One Creeper  
Roman street sweeper (Dayum)  
Don't get gash by the hour, rudeboy  
I get gash by the metre  
Wilehouse senior  
Them all lean you  
E3 teacher  
L.O.N. preacher  
UK speaker  
Trinidad bloodline  
I got bars, good ones, crap ones  
Slower ones, fast ones, rap ones  
I see you ain't got money, better stack some  
I said it before, I say it again - that sum  
Back in the way, I had a bar, black one  
2-11 at my baby, crap one  
Shitting in my nappy, it's a pamper, crap one  
Here you go, smell it, ooh, fat one (Whoo Kid)  
Get off your toilet, shitty pants twenty minute bands  
Living with it, and it's bad habitat one  
I was on one, now I'm at one  
With a white one and a black one  
Got a thin one and a fat one  
Got cool bars and the slack ones  
I'm too hard on the track son  
I'm too scarred so I gotta walk with God  
Not too scarred so I pipe one  
I'm a black one  
Black what? Black who? I got a cash gun  
And I shoot out notes at the retail dealers  
Swipe with the card, black one, black  
Yeah that's the colour of the Ashton, and another freestyle  
Racks on racks one  
I'm another king in this country, black one  
And I want a queen like Kim Kardashian, she's got a bumper, black one  
I got a new one, white red and blue one  
But I'm done with the colours for now  
I see a soundboy try running with my sound  
Try running with my sound? Stop  
Because I'm a big darg, you're running with a hound  
Numbers in action, running in my lounge  
Look at this money that I found

What fucking money? There ain't no money there you silly... haha
