Check

Like the milk chain man, I fly through the window  
Midnight lover in your endzone, touchdown  
I've got plenty of [?]  
I got the hot sound here when I hop round  
Silhouette features appears through the creaks and the curtains  
Not much speech when I'm lurking (When I'm lurking)  
I'm not certain that this shit is working (Working)  
Our midnight's merging

I love girls to the left right, front and back  
You know how I do, I shine sittin' on me  
I ain't stupid, I been here 23 years  
I can see in your eyes that you want me  
She's playing games, but I don't wanna play with her  
I just get it poppin', I'm a game killer

[?] miss, I hit like you've never been here  
Then I miss like I never been hit  
But I do this ting, so I definitely did  
Midnight lover, I'm telling you what  
[?] dinner at 12 on the dot  
I'm your midnight lover, not your daytime friend  
If you know why you bring me in the daytime then?  
You're just wasting your time, I'm grinding the day  
We can play through the night

We can take it fast or take it slow  
What's it gonna lead to? I don't know  
I just wanna be your midnight lover, be your midnight lover  
If it's in the past, then let that go  
If it's in the future, then let's go  
I just wanna be your midnight lover, be your midnight lover  
I can feel it

Midnight

Electric love's the whole insight  
See her to me, I got the ting right  
It's weakened grips in her hip sight  
I been on a hype since the last one  
You want [?] but I grind for the fast one  
She got the package, late night we [?]  
Whole [?] thinking we can halve one  
Midnight lover on the low  
We can take it fast or slow, let me know  
I'm ready for her  
If she was a country, I would tour her  
Because I adore her  
Into a kind glass, that's where I pour her  
Got the big ting in my boxers for her  
She wants more, come around for her  
She know the code is private caller

We can take it fast or take it slow  
What's it gonna lead to? I don't know  
I just wanna be your midnight lover, be your midnight lover  
If it's in the past, then let that go

If it's in the future, then let's go  
I just wanna be your midnight lover, be your midnight lover  
I can feel it

I can be your midnight, one night stand  
If you want a monster in the bed, then I am  
'Cause I make 'em scream real bad  
I ain't gotta be a number one man  
But I do give a number one \*\*\*\*\*  
When her eyes roll back and I'm between her lap  
I'm surprised that the glass don't crack  
When she hits that pitch that a [?] can't match  
It's about that time that her insides splash  
Bang on time  
I got the stamina and I can handle mine  
I know I'm on her brain, and that's why I got her lips on mine  
When the clock hits 2, I'm out of the door  
And back on the road  
With a bottle of wine  
I ain't staying 'round all night  
I just past 'round 'cause I had to pass on time

We can take it fast or take it slow  
What's it gonna lead to? I don't know  
I just wanna be your midnight lover, be your midnight lover  
If it's in the past, then let that go  
If it's in the future, then let's go  
I just wanna be your midnight lover, be your midnight lover  
I can feel it
