

# Paranoid Remix

Wiley

Yo  
It's Eskiboy  
Imagine that like, girls think they're slick, boys think they're slick  
Everyone thinks they're clever, like  
But you know who the clever one is?  
Me  
Hello  
You get me?

You're paranoid (Because like)  
It's not my fault that you don't trust me (People say I'm paranoid, and when  
)  
You're paranoid (And when they try and say I'm paranoid, that's when I've ju  
st caught someone, like, bang)  
You wouldn't throw the shit and (I've caught them out, like, so thanks to pa  
ranoia)  
You love me (Eskiboy)

And I come around about ten o'clock  
But I'm not a shoulder to cry on  
She said it's a prick that she can't rely on  
And I'm the one that all her friends spy on  
They be watching me since I was with Nyom  
When every girl's pissing me off  
I ring Shakira, we flew before, so let's fly on  
Meet at the airport, both in black Nike tracksuits  
And you might see us in Zion  
You know Wiley, I'm the young lion  
You won't see me in a suit with a bow tie on  
There's no suit I would even try on  
Not even shiny, scared when you saw me in Buy On  
And now you wanna talk about stuff on the track  
When I asked you what it's about, you just lie on  
That's why I'm not like you, and I don't like you  
Tell your wife I'm not a shoulder to cry on

You're paranoid  
It's not my fault that you don't trust me  
You're paranoid  
You wouldn't throw the shit and  
You love me

I be like  
Who do you think you are?  
Knew from the start that you P-U-RE  
He brought you around me  
Now I know you are a bit like me  
But I'm colder than you are  
You and her, course I'm smarter than you are  
Today I'm not going through pain like you are  
I will always know when somebody's cheating  
I even know when you are  
And I know who I am  
Come around, take your girl, I'm like, "Hi Ann"  
When I'm out, walking a girl  
It don't matter if she's out doing the same thing as I am  
Because she ain't nasty like I am

Might slide to Kent, I'm quick like Ryan  
Even if she did the same stuff  
I'd say "girl, you don't wanna be how I am"

You're paranoid  
It's not my fault that you don't trust me  
You're paranoid  
You wouldn't throw the shit and  
You love me

Are you mad?  
He is quicker than she is  
I am not pillow talking like he is  
And she's getting worried, worrying where he is  
And she's on Roman, flirting like he is  
I am not sure where the Christmas tree is  
But she wants to meet me there  
So he is lurking right by fiesta  
I'm a golden image  
I know he is worried when I'm about  
Because he knows I'm thinking the same thing she is  
And now he's getting jealous because he knows that  
I am the X man straight from the Wile house try Anne  
And I'm not a wasteman babes, because he is  
But I don't wanna be a man like he is  
I wanna be all I can be  
Because I'm a dangerous boy when it comes to cheating  
I can keep a secret a code like cheaters

You're paranoid  
It's not my fault that you don't trust me  
You're paranoid  
You wouldn't throw the shit and  
You love me
