

Red Light

Wiley

Black suit on a black bike, boy
A10, burst right through the red light, boy
Black suit on a black bike, boy (Aye rude boy)
A10, burst right through the red light, boy (Eskiboy, Scorcher)
Black suit on a black bike, boy (Are you ready?)
A10, burst right through the red light, boy (They ain't ready)
Black suit on a black bike, boy
I'll push your soul in the sky, you can say, look

Look
First day that I came from the play pen
I went straight on the A10
I was that Evel Knievel waving the vehicle
Left lane, right lane
Working the years, I feel like I've learnt it for years
Look, I let smoke blow
Yes, I'm no pro
So if you sweat, I go slow
(I'll push your soul in sky, you can say) that I'm a daredevil
And I don't [?]
So why throw throw-overs?
I'm all bottle
I don't wanna CBT, I'll box every basic training
f*ck that
I just wanna really breeze
I come back and the hype's back
Fire that bike and make the exhaust clap
Fire at night
(I'll push your soul in sky, you can say)

Red - stop, green - go, clutch throw [?]
Red - stop, green - go, clutch throw [?]
Red means stop, green means go, clutch throw [?]
Red means stop, green means go, clutch throw [?]

Black suit on a black bike, boy
I'll push your soul in the sky, you can say, look

Look, the way that I'm riding's totally crazy
Nobody chasing me
So I move like I ain't got shit to lose
And I race every ride that I see, like I ain't got shit to do
When I'm at the red lights

A red, I clutch, I click, I move
Man are like, "what's with this dude?"
(I'll push your soul in sky, you can say)
When the lights turn green
Then I'm not seen
I'm gone with the win like feds are behind me
You're at the lights, I've left you behind me
(Aye, don't try catch up you [?])
I'll beat you to the next light
Press this break on the front
Then lift this back up and ring when I lift this flap
(I'll push your soul in sky, you can say)

Red - stop, green - go, clutch throw [?]
Red - stop, green - go, clutch throw [?]
Red means stop, green means go, clutch throw [?]
Red means stop, green means go, clutch throw [?]

Black suit on a black bike, boy
A10, burst right through the red light, boy (Hello)
Black suit on a black bike, boy (Eskiboy)

Black suit on a black bike, boy
I'll push your soul in the sky, you can say

Listen, yo
You could say I'm a real speed demon
Black coupe, black bike
A10, burst right through the red light
Was that a red light? I didn't even see it
All I saw was a flash in my bright light
Bystanders, they just sight my white Nikes
Flash by like, "what the hell were them Nikes?"
In the rear view, I can see a few blue lights but
(I'll push your soul in sky, you can say)
You can say I'm a driver, riding up North from a glider
Bust them lights [?], that's minor
Two vehicles, two gash, call me a two timer
I'm the Roll Deep rhymer
155, 20 [?], black coupes, so two new gash
They couldn't have been finer
She knows me and a man hates me, I told him
(I'll push your soul in sky, you can say)
You can say you're a flyboy then

Because I'll be in my coupe like "flyboy when?"
You can say you're a flyboy then
Because I'll be in my coupe like "flyboy when?"
You can say you're a flyboy then
Because I'll be in my coupe like "flyboy when?"
You can say you're a flyboy then
Because I'll be in my coupe like "flyboy when?"
You know?
