Volume Two

I wanna big up one of my bredrins like

Man must've linked up like in a snooker hall

Chattin' and chattin' like

Since I was young I was putting brown in a plug socket

The profit margin it went up like a rocket

Olders try to clap they want [?]

I'll give up give in and feel they've got to stop it

Me I keep riding, I'm on a ban but I can't stop driving

I ain't hiding, I just wanna be well prepared for the day we start fighting

See me with a couple showerman you'll run like

I had to run for my life

I was swinging against bare man in the club

Didn't realise I was getting stabbed with a knife

And now I'm like I'm still alive

See I keep on going like a showerman would

See me at any shoobs where the girls look good

And their mums cook good

And their aunts look good

I can sense beef cause I roll deep in the hood

You can't keep me out the street maybe

Cause I roam around the street daily

Why? Do you roam the street daily

Guess that just the way the street raised me

You can't keep me out the street maybe

Cause I roam around the street daily

Why? Do you roam the street daily

Guess that just the way the street raised me

Since I was young I learned something

Look into your enemy, what's the beef over - nothing

If I had a reason to smash your head into the wall

I would do it so you're just bluffing

Seen if I'm real let me show you

I don't wanna be a street killer but

Slipping on road at any time then you will be the one ducking

Running for the Docklands, hit the tracks

You just missed it I saw the door shutting

Beefs on - got him

When I'm looking down I see it won't stop here

I see the whole lot here, my spirit is flowing

Leeside, eastside, so many artists on the trees growing

Told you before that I ain't tiptoeing

Just land from a holiday, red skin glowing

Mastered the game better than Micheal Owen without them knowing

You can't keep me out the street maybe

Cause I roam around the street daily

Why? Do you roam the street daily

Guess that just the way the street raised me

You can't keep me out the street maybe
Cause I roam around the street daily
Why? Do you roam the street daily
Guess that just the way the street raised me

You can't keep me out the street maybe
Cause I roam around the street daily
Why? Do you roam the street daily
Guess that just the way the street raised me

You can't keep me out the street maybe
Cause I roam around the street daily
Why? Do you roam the street daily
Guess that just the way the street raised me
