The other day I say another Highlander  
54 sharks said they might catch up  
But I'm a true tiger I like stanza  
Coulda been a black or white rapper  
The roads cold but I'm built like tractor  
I got the glow like a Hollywood actor  
I'm so amazing I got a new craving  
MC in a raving, wifeys wanna act up  
The other day I saw a breddah get beat up  
It weren't right but people get chiefed up  
Make sure it's not you getting chiefed up  
Thought Wil was a prick 'til I creeped up  
F the black on black crime cause we should team up  
I've got vision and I ain't no dreamer  
I'm so amazing, ain't enough days in the week  
Need more so I can't be a sleeper  
The other night I got stopped about ten  
Saying to the pigs 'Why, what, where, when? '  
There excuse was more so I didn't act raw  
I was cool I left the scene ten past ten  
Wanna give me stripes on my flow then  
Don't gimme no less than a ten  
I'm so conniving, Roll Deep we thriving  
I can't stop driving, chill I'm still rhyming  
The other night I was on 1-25th  
Back to England now I feel quite pissed  
My relations, relatings give  
Yeah I'm a legend but I ain't no myth  
I got puff, yeah I got piff  
My hood controls light brick, harder and sniff  
I'm so conniving, when I stop driving  
I go and get the bike start R6 riding
