

Going on the floor to the source
Back to the village on a horse
The last shipment that came in the other day weighs more than a horse
I can't lose my sauce
Gotta be natural 'cause I can't force it
Why? 'Cause there's a fish in the sea that's there right now 'cause Nobody caught it
Everybody gonna eat well
But if you don't wanna work, oh well
I'm like a town hall that you might drive past
But inside it's a sick hotel
See me in the manor with the Gs
'Nuff doors so I got 'nuff keys
Got the vibes exciting
Big Dance every gal is invited

Yeah, I asked my brother for the truth
Yeah, he told me go hit the booth
Yeah, if you ain't doing music, what's the use?
That's the truth
You can take my sizes
When you gonna realise it?
Godfather of Grime in the place
All parties advertise it
It's a culture I specialise in
Our economy just from vibezin'
Outside I ain't the one hiding
Nah, you can't take my sizes
Nah

Grime that's my sound, support it
Package export it, people import it
Walk the walk, talk the talk
Distribution sorts it
Hear me on the riddim it's a par
I ain't new fam I came from far
In E3 I learnt to get Lizzie
Ever since the manna manna been busy
Back on the road, the tarmac
Same colour, always have my cars black
I can score this I ain't gotta pass back
This year, I'm only on hard tracks
I'm not a lightweight I'm a hard back
I run a man out of town with a car jack
Still the same don when I get p
Bring it back to the hood and a I half that

Yeah, I asked my brother for the truth
Yeah, he told me go hit the booth
Yeah, if you ain't doing music, what's the use?

You can take my sizes

Take two draw and get high on the set
If I don't do this, I won't feel right
