

Take a Minute

Wiley

(Pay As U Go)

Ooh, yeah-eh-eh hey
Now the music's playing, the people's swinging from side-to-side (Tell 'em, Rah)
'Cause the bassline's bumping the parties
Jump and it feels so right (Ayo, come on)
Take a minute and get into the vibe, it's alright
Take a minute and get into the vibe, it's alright (Uh-huh)
Take a minute and get into the vibe, different night
Take a minute and get into the vibe (Come on)

Take a minute and get into the vibe, 'cause the vibe too light
And I won't let anybody spoil my vibe
Because the vibes are right
And I can't explain the way I feel inside
And when I first heard the big bass, [?]
It make my body move from side-to-side
To all the raving crew, inside alright
Put your hands in the air if you feel the vibe
And listen to what I gotta say on the mic
I spit on the mic, and I delay lay on the mic
I spray on the mic, and I never ever play on the mic
You can always understand what I say on the mic
Too many MC's don't sound bright on the mic
They shout at the mic, they don't sound bright on the mic
They might shine but they don't sound bright on the mic
But Pay As U Go put up a fight on the mic
Boy

Take a minute and get into the vibe, it's alright
Take a minute and get into the vibe, it's alright
Take a minute and get into the vibe, different night
Take a minute and get into the vibe

Yo
[?] bubbling (Wha'?)
Girlsdem skanking (True)
Love is in the road way
[?] celebrating (Uh-huh)
Limits fascinating
Stag it's amazing
What you gonna do when the bassline's stomping
I just [?] kick the [?] dancing
[?] keep the girlsdem talking
Brand new cell, what we call it the vibe ting (Tell 'em)
So everybody have to keep on topping
All I really wanna see is Maxwell, you know we cyaan stop
Maxwell dip on the spot
All I really wanna see is stars, so you know we can't flop
Fly [?] on the block
All we come and do is in the whole damn place [?]

All we come and do is not the ghetto people dem rock
Ghetto people hol' it up

Take a minute and get into the vibe, it's alright

Take a minute and get into the vibe, it's alright (Get into the vibe)
Take a minute and get into the vibe, different night

Take a minute and get into the vibe

I can't, losing it
I, cruising it
(What?) I, bruising it
Smith, fusing it
Rip, souls in it
Put, holes in it (Holes)
We nearly put on the mic, controlling it
Talk about my crew, you're counterfeit, I'm out of it
Giving you a mouth of it
North, East, West, to the South of it
Boosting (Boost) up a summer, better amping it
Spit (Spit) to my flows, you're tramping it
Camping it (Trash), visit like a damn to it
Stab to it
Ride like a damp to it
Don't do it, you strangle your flow [?]
You do it
Busy got the move to it
News to it
That MJ shoes to it
Bruise to it
Hid on the mic and then you threw it, I knew it
This is how the road men do it

Take a minute and get into the vibe, it's alright
Take a minute and get into the vibe, it's alright (Get into the vibe)
Take a minute and get into the vibe, different night
Take a minute and get into the vibe

This for the lyrical gift to bust any white
That's why my flow just too tight
How many more MC's wanna fight?
But the question is, can you get into the fight?
Peep to the vision, disappeared to the night
Come back another day on my BMX bike
We [?] the wanna be type
Type mandem are sponsored by Nike bruv
Take a minute and listen to the vibe
This one's a reverse your type max style
As a likkle yout, as a fling child
There was a little thing that was on my mind
Was I a boy, was I gonna stand tall?
But I needed to see the other side of the wall
Momma didn't raise no fool
Sent me to school
Not to play cool (Cool)

Miss the DJ, spin a song (Yeah)
'Cause the music's got me moving my feet (Uh-huh, uh-huh)
Now the bassline is coming strong (Yeah, yeah)
Don't sit down and get up out of your seat (Uh-uh)
'Cause the rhythm in the music's is the beat (Ooh ooh)
And it's a [?]
It makes you move from side-to-side
Now the view here can go by
They know it's time (Ooh)
So enjoy your night

Take a minute and get into the vibe, it's alright
Take a minute and get into the vibe, it's alright
Take a minute and get into the vibe, different night
Take a minute and get into the vibe
