

# Time And A Place

Wiley

Yo  
It's Eskiboy right now  
Tunnel Vision Volume 2 (It's Volume 2)  
2006  
Right now it's the 18th of July  
Do you know how hot it is (Blazing)  
This day's so hot I swear down  
Big up all my E3 massive (Yo)  
Big up all my Boy Better Know massive (Boy Better Know)  
Tunnel Vision Volume 2  
Nothing long (Nothing long)  
Big up Chronik  
(Eskiboy)

Yeah yeah, I'm back  
If you're thinking Lethal B's better than me, must be on dough  
My flow will grab Lethal B's by the throat and strangle it  
I'm being real, no joke  
And I still get straps when I buss an old jacket  
Winter, send for the Stoney  
Four bill showerman coat  
Not one prime minister in this country has had my vote  
Grab the system 'round the neck and choke it  
Karma karma, punishment hold it  
Can't say I've been, 'cause I've always known it  
I burn bridges but don't ever think that I've flown it  
The game you're in, I own it  
Thought that I sold it  
In my life music's just like a book, sometimes I wanna close it  
But it's on top when the power book opens

There's a time and a place for everything  
Sometimes I don't want to do anything  
I just sit in my yard and watch Sky Digital  
I don't want to do anything  
There's a time and a place for everything  
Sometimes I don't want to do anything  
I just sit in my yard and watch Sky Digital  
I don't want to do anything

This work made in Taiwan  
It's a UK Brand and  
Some of them wanna buy house and land  
And me, I wanna be a material kid  
Spend money on myself, spend money on my band  
It's been a long time, I need a holiday  
'Cause man needs some sea and sand  
So right now the levels are gotta take a rise  
'Cause we're the best crew but, we don't eat enough pies  
Got Movement and pricks who run around telling lies  
Shove them off quick  
And we've got studio  
And all the work we do is only gonna make us rich  
Don't be alarmed if you don't see rich, at every stage show with the Roll De  
ep clique  
Somedays I don't wanna do music  
I'm only jamming at home with my chick

There's a time and a place for everything  
Sometimes I don't want to do anything  
I just sit in my yard and watch Sky Digital  
I don't want to do anything  
There's a time and a place for everything  
Sometimes I don't want to do anything  
I just sit in my yard and watch Sky Digital  
I don't want to do anything

This ain't shake a leg or heartache avenue  
Eskiboy, and I'm back with another few over ground mix CD's for the people  
Always, I'm a spokesman for the people  
Fans exist, they're for us, whether we hit or miss we all remain equal  
I was Wiley then, I'm still Wiley now  
I not illegal, now I'm half-legal  
It's not half-stepping, I'm not half repping  
I don't leave the squad and get a recall  
I can't see the day that we fall down as a movement  
Move with powerful people  
And the more you hope we fall  
I get wicked and wile on any sound  
Try, who's trying to get wile on my people  
After man was tryna be equal

There's a time and a place for everything  
Sometimes I don't want to do anything  
I just sit in my yard and watch Sky Digital  
I don't want to do anything  
There's a time and a place for everything  
Sometimes I don't want to do anything  
I just sit in my yard and watch Sky Digital  
I don't want to do anything
