

Tinchy Stryder Freestyle

Wiley

Yeah

Yeah

Yo

Yeah

They better watch this space (Watch this space man)

And it's Stryder (Hold tight Will, yeah)

Yeah (Yo)

Let me introduce myself, I'm Stryds

No time for down falling or rise

I'm the talk on road

For some reason these labels ain't offering pies but

I'll still do what I do with the flow

Put pen to paper, and style to the flow

I'm Stryder, I'm the highlight of the show

If you're feeling this boy, let me know

I've got tracks I can bring to the table

Wiley said do it on your own, F labels

I had a little thing, all had a point

But on the other hand, it works with labels

So I went studio, laced down vocals

Repped E3, [?] with the locals

I'm not local, but I leave coco

I'm from here so please take note bro

Don't doubt me when I do this

It's my style they all wanna remix

Respect my own bars, no cat like Felix

I'm not tryna sound like the realist

There's a buzz 'round me, and I'm advising them to get their cheque books out

But it don't end with me, I've got a family and we're the next thing out (Next thing out)

Yeah

And it's Strydes

Yeah

And I'm repping Ruff Sqwad you know

Hold tight Will

They better watch this space I'm telling you

Yeah

They better [?] now

They better [?] now

They better [?] now

It's Tinchy Stryder [?] right now
