

The history I've made cannot be erased
It's embedded that's why I'm not phased
If I never had no genre I would've been dazed
I would've fell flat on my face
For the status I ain't gotta chase
That ain't the case
Grew up with Maxwell and Major Ace
That means I know how to mash up the place
You're flat tyre
They say my phone's been tapped like the wire
I love west like Foster and Dier
When I land got the K9 fire
We boost sales like zim zim zimmer
Nike air flight, I see the crep drop like [?]'s mind
Don't step out of line when we're in cahoots
I want the creps and the football boots

You ain't gotta indirect me talk up
You had a minute but the sound caught up
All you man's masters are getting bought up
I ain't done out blud I'm selling more stuff
You know the more raw stuff
Give them the grime tour stuff
Every time I went Australia I made sure it was my dons on the tourbus

Blud, F you and your one likkle old school album you done
If you wanna chat about grime and godfathers you're pissed cos they never ma
de you one
This style is a new one I question it like Umar and Kugan
Back with another album, new one
You ain't gotta stay 'round here you can do one
This ain't the '03 jam
We still do it cos we know we can
Back then I was in a roll deep gang
Them days can't be repeated man
When it comes down to the money making don't tell em your secret plan
Cos thief your ideas some people will
That's why we gotta hold it down

You ain't gotta indirect me talk up
You had a minute but the sound caught up
All you man's masters are getting bought up
I ain't done out blud I'm selling more stuff
You know the more raw stuff
Give them the grime tour stuff
Every time I went Australia I made sure it was my dons on the tourbus

These bruddas ain't done shit for the last 20
I know a few dons but there aren't many
You man are scarce like a half penny
You ain't ready for the battle you are half ready
Man get right in London first visit
And we come alive in London first minute
Pull up to the place on stage with no gimmicks
I'm back with more lyrics, my flow lyrics
The one with the vision, that's why I know lyrics
Had the amateur and now I've got the pro lyrics

Go and sprinkle the seeds and grow lyrics
They ain't ready for the new ting
When I'm winning bro it looks like I'm losing
Imma hit the studio on a stay true ting
Keep it all moving, no snoozing

You ain't gotta indirect me talk up
You had a minute but the sound caught up
All you man's masters are getting bought up
I ain't done out blud I'm selling more stuff
You know the more raw stuff
Give them the grime tour stuff
Every time I went Australia I made sure it was my dons on the tourbus

You ain't gotta indirect me talk up
You had a minute but the sound caught up
All you man's masters are getting bought up
I ain't done out blud I'm selling more stuff
