I won't turn up, I won't turn up (Turn up)

So don't turn it against me, cah there ain't no stage here that I won't burn up (Burn up)

After you had a good show

Go straight home to your bed, curl up (Slew)

And I can be a good guy

All day vibe

You show you're not loyal then I won't swerve up

Take a walk on the wild side

Learn the person I am (Am)

'Cause I party in Japan

But I know it's all UK for me

Making [?] fans, wait for me (Wait)

First time around didn't take for me

If I did all the shows and you see me

And we're cool, then you better remove all the hate for me

I see a way through, it's not too late for me

I'm one of the best of my game

At the top somewhere, and I'm not hyping (No lie)

There's a couple of things I'm not liking

But I let it go quicker when it's not my ting

I'm so original, when I see some of them spit

I tell them stop biting

See me on Twitter with the truth

Got fans on my timeline, stop fighting (Stop fighting)

Why though? I'm not a psycho

I'm an MC, but I'm not like him (Not like him)

Used to ride mike on the smoothers, now when I see them they are not cycling (Not cycling)

Every now and then I buy a new rucksack
I got cars but I never do cashback
I see a new year approaching, you be in a hatchback
I be in a silly whip mac black
I write for the cause, none of them can't match that level
I can reach when I stand back
And light the world up
Bars are the reason I keep speaking
I see a dance and catch that
