

Back To Life

Wilkinson

Spin my head 'round till it overflows
Colour's too loud, I've been drifting
So lead me away when the light's out
There's a light out

Can you bring me back to life?
Can you bring me back to life?
(Keep me rising, stop me fading)
Can you bring me back to life?
(Keep me calling until morning) Oh

Keep me rising, stop me fading (Oh)
Keep me calling until morning (Yeah)
Keep me rising (Ooh), stop me fading
Keep me calling until morning (Yeah)

Can you bring me back to life?
Can you bring me back to life?
Can you bring me back to life?
Can you bring me back to life? Oh
Can you bring me back to life?
(Keep me rising, stop me fading)
Can you bring me back to life?
(Keep me calling until morning)
Can you bring me back to life?
(Keep me rising, stop me fading)
Can you bring me back to life?
(Keep me calling until morning) Oh

Had my feet bound to the ground below
Show me sky now, show me where to go
Lead me away when the light's out (Oh)
There's a light out, oh-oh

Keep me rising, stop me fading (Oh)
Keep me calling until morning (Yeah)
Keep me rising (Ooh), stop me fading
Keep me calling (Yeah) until morning (Oh)

Can you bring me back to life?
Can you bring me back to life?
Can you bring me back to life?
Can you bring me back to life? Oh
Can you bring me back to life?
(Keep me rising, stop me fading)
Can you bring me back to life?
(Keep me calling until morning)
Can you bring me back to life?
(Keep me rising, stop me fading)
Can you bring me back to life?
(Keep me calling until morning) Oh
Can you bring me back to life?
