

Come Down

Wilkinson

Why you always need me when you're lonely?
Say you wanna talk and then you don't speak
I've been really trying to be patient
It's like you lock my heart up in the basement
Loving you was bursting like a love balloon
Try to treat me nice and then you pop the moon
You keep pouring salt into an open wound
We were so high, I know that

What goes up must come down
Da-da-da, da-down
What goes up must come down
Da-da-da, da-da-down
What goes up must come down
Da-da-da, da-down
What goes up must come down
Da-da-da, da-da-down

Why you always need me when you're lonely?
Say you wanna talk and then you don't speak
I've been really trying to be patient
It's like you lock my heart up in the basement
Loving you was bursting like a love balloon
Try to treat me nice and then you pop the moon
You keep pouring salt into an open wound
We were so high, I know that

What goes up must come down
Da-da-da, da-down (What goes up must come down, yeah)
What goes up must come down
Da-da-da, da-da-down (What goes up must come down, yeah, yeah, yeah, yeah)
What goes up must come down
Da-da-da, da-down (Oh, it must come)
What goes up must come down
Da-da-da, da-da-down (Da-da-da, da, da-da)

Yeah, yeah, yeah
Yeah, yeah
What goes up, must come down, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
What goes up, must come down, yeah, yeah, yeah

Why you always need me when you're lonely?
Say you wanna talk and then you don't speak
I've been really trying to be patient
It's like you lock my heart up in the basement
Loving you was bursting like a love balloon
Try to treat me nice and then you pop the moon
You keep pouring salt into an open wound
We were so high, I know that

What goes up must come down
Da-da-da, da-down (What goes up must come down, yeah)
What goes up must come down
Da-da-da, da-da-down (What goes up must come down, yeah, yeah, yeah, yeah)
What goes up must come down

Da-da-da, da-down (Oh, it must come)
What goes up must come down
Da-da-da, da-da-down

Yeah, yeah, yeah
Yeah, yeah
What goes up, must come down, yeah, yeah
Yeah, yeah, yeah
Yeah, yeah, yeah
What goes up, must come down, yeah, yeah, yeah
