# Infinity (feat. Ilira, Iiola & Tom Cane)

**Wilkinson**

Holdin' on together
Cease tonight 'cause nothin' lasts forever, mm
I'll pick you up, don't let me down
Whenever you're lost, just turn around
I got you
You got me

When my heart needs a remedy
You're right there in front of me
In your eyes, there's infinity
When my heart needs a remedy
You're right there in front of me
In your eyes, there's infinity
When my heart needs a remedy
You're right there in front of me
In your eyes, there's infinity
When my heart needs a remedy
You're right there in front of me
In your eyes, there's infinity

When my heart needs a remedy
You're right there in front of me
In your eyes, there's infinity
When my heart needs a remedy
