Need To Know

Wilkinson

```
I need to know \'cause I want you baby
No matter what I do, no matter what I do
I need to know \'cause I want you baby
No matter what I do, no matter what I do

I need to know \'cause I want you baby
No matter what I do, no matter what I do
I need to know \'cause I want you baby
No matter what I do, no matter what I do

I need to know \'cause I want you baby
No matter what I do, no matter what I do
I need to know \'cause I want you baby
No matter what I do, no matter what I do

I need to know \'cause I want you baby
No matter what I do, no matter what I do
I need to know \'cause I want you baby
No matter what I do, no matter what I do
```
