

## Too Close VIP

Wilkinson

Oh, you shoved me down and left me here on the floor  
I left myself wide open  
When I should have known

Don't come too close, I don't give away my heart  
Don't come too close, I don't give away my heart  
Don't come too close, I don't give away my heart  
Don't come too close, I don't give away my heart  
Oh, you shoved me down and left me here on the floor  
I left myself wide open  
When I should have known

Don't come too close, I don't give away my heart  
Don't come too close, I don't give away my heart  
Don't come too close, I don't give away my heart  
Don't come too close, I don't give away my heart
