

# Before We Say Goodbye

Will Downing

Here we are alone again  
Thinking of how to mend our broken hearts  
We fell in love so easily  
But now it seems we can't work it out  
Can't seem to work it out

So relax tonight  
It doesn't matter who is wrong or right, my love  
As long as we both know we gave it all  
To save the love we shared, my love

But a simple kiss  
Before we say goodbye  
Before we say goodbye

Looking back over the years, I guess we've shed some tears  
But we've always made it through  
And I don't know, just where we went wrong  
I'm sorry we're moving on, we couldn't seem to work it out  
Can't seem to work it out

So relax tonight  
It doesn't matter who is wrong or right, my love  
As long as we both know we gave it all  
To save the love we shared, my love

But a simple kiss  
Before we say goodbye  
Goodbye, goodbye, goodbye  
Before we say goodbye  
Goodbye, goodbye, goodbye

Before you go, can we take this time to reminisce  
Say goodbye to love  
And the way we used to hug and the way we used to kiss  
Before you go answer me this?

Tell me, why'd you want to leave me?  
What'd you have to do so bad? My baby, oh my love  
Oh, oh, can I just hold your hand  
Just one more time before you do it?  
Can I just kiss your lips  
Just one more time before you say goodbye? Oh

Leaving me  
Goodbye, goodbye, goodbye  
I'm gonna, I'm gonna miss your friendship  
And I'm gonna miss your love  
Your love, your love, yes, I am, oh

Oh, if you're here with me tonight  
Tell you what's on my mind  
What's in my heart, what's in my life  
Goodbye
