

## Black Butterfly

Will Downing

When you lay sucking drinks take flight as the darkness gives way to the dawn

You survived now your moment has arrived now your dream is finally been [?]

Black butterfly sail across the waters tell your sons and daughters what this trail will bring

Black butterfly set the skies on fire rise [?] higher

So the angels claims of time can catch your wings

The promise was unkempt but your faith was sure as the stars

Now you're free and the world has come to see

Just to see how proud and beautiful you are yeah

Black butterfly sail across the waters tell your sons and daughters what this trail will bring

Black butterfly set the skies on fire rise [?] higher

Just like the ageless wings of time

Let the current lift your heart and send it soaring

And write your time this [?] across the sky

So that all of us can read it and remember when we need it

That a dream can still come true [?] never never die butterfly

Yeah black butterfly sail way across the water

Tell your sons and your daughters what this trail will bring

Black butterfly set the skies on fire and rise [?] higher

So the ageless winds of time can catch your wings

Fly away butterfly fly fly fly butterfly fly fly away yeah whoa  
whoa black butterfly
