Consensual

Will Downing

It's 3 o'clock in the morning and the phone is ringing
You're over there, I'm lying here, wondering what you're thinki
ng
A phone call at this hour can only mean one thing said
The words you spoke last night replay this morning in my head

Don't want to offended, baby
Saying what I'm about to say is free flow, grown conversation
That's the way it feels today
And you can talk to me like you talkin' up in the beauty shop
Just 'cause a man enters the room don't mean the conversation h
as to stop
(Consensual)
Like this is like that, baby
It's like that, it's like this, it's like that, baby
Like that very first kiss
When you kissed mine then I kissed your lips
(Consensual)
Consensual

Come talk to a brother man I need to know

Just what makes your erotic flow, your erotic flow, your erotic
 flow
First I wanna make love to your mind
It's 4 o-clock in the morning, can't hold a brother for trying

I know that you're a good girl
But if there's something you'd like to say
Then please let it go, please let it flow
Talk to me, baby, just say it, girl

(Consensual)
You're feeling me, I'm feeling you
(Consensual)
I'm feeling you and your so, yes, I am, baby
(Consensual)
Glad you feel the same way that I do, my baby

It's consensual
(Like this is like that, is like this, baby)
It's like that, it's like this, it's like that, baby
Consensual
I have one last question
What's that, honey?
We going to church this morning?
