

Something Special

Will Downing

Is it true what I heard about you that you never really (been in love), kind of hard to believe a girl like you has never found (special love). What can I say what can I do just to get closer (closer to you), if you can feel what I feel about you then you know that love, that love can be something special

Love can be something special. Baby I'll like to try to be the one in your life and show you that love can be something special. If you don't mind baby can I get closer to you, this is all about you baby.

There's no way you can know I've been touching you from a distance, there's no way you can know when you hide behind your defenses, you close your heart and your mind just seems to follow. I'm not your yesterday baby, I'm your tomorrow, baby love can be something special. I like to try and be the one in your life and show you that love can be something special, if you don't mind baby can I get closer to you yea.

Here I stand strong but, humble man, what else do you need just to focus your heart on me. There's no way I never let you fall cause I'm here for you, yes, I'm here for you and you alone, lone, alone, alone, just you baby. Something for you baby yea you yea

Love can be something special yea can be something something special for you and me my love, my baby. Honey if you don't mind sugar can I get just a little closer come a little closer to you baby, love can be so special special special baby, alright now, yea closer to you love is sooo so special.
