

"understand stagnation is a choice, so trade in comfort  
for vitality... the unknown"  
the lovers. temperance. judgment. death.  
"on thing's for certain, this is no fool's journey. it's  
perfecting madness and rebirth."  
the lovers. temperance. judgment. death.

to your own misfortune chasings cures  
nothing is pure

fucked up homes, boarding schools, factories of  
droves, drained-out souls

turn it off, abandon, the false  
truths, heroes, fools

in solitude, start a new, clean the slate of guilt  
the road is home

the hour strikes to unsheathe this blade  
give it a stab
