

## A Different Man

Will Hoge

I've been a drifter  
Falling out of space and time  
Slowing growing older trying to live another life  
I've been a bastard  
No I didn't give a damn  
I've faked the truth and break her heart just cause you can

Baby I'm a different man  
I'll never be that way again  
Your loved saved me, your heart made me who I am  
Who I am is always yours  
I am better than I was before  
Yes I am  
A different man

I bet the old me  
Would say I am a fool  
But I'd be a fool to listen, cause I know the truth  
I am lucky  
Luckier than most  
Cause your strong enough to lift me up and let me know

I can be a different man  
I'll never be that way again  
Your loved saved me, your heart made me who I am  
Who I am is always yours  
I am better than I was before  
Yes I am  
A different man

Baby I'm a different man  
I'll never be that way again  
Your loved saved me, your heart made me who I am  
Who I am is always yours  
I am better than I was before  
Yes I am  
A different man
