

# Fiyah

Will Hoge

You can't touch me  
I'm too, too, too, too high up  
You can't touch me  
I'm about to, to, to, to rise up  
Look at me, look at me, look at me  
Ooh-ah, ooh-ah, ooh-ah

I'm on fiyah  
I'm on f-f-f-fiyah  
I'm on fiyah  
I'm on f-f-f-fiyah  
I'm on fiyah, on fiyah, on fiyah, on fiyah, on fiyah (fiyah)

I woke up like this  
I'm buttoned up like this  
I turn up like this  
All I wanna do is burn it up like this  
I stay like that  
Low go straight craig like that  
I kill it, kill it, kill it, kill it, kill it, kill it  
Tell 'em, tell 'em I don't play like that  
I'm the man here  
Spend a hundred-fifty grand in here  
So hot, need a fan in here  
All you to play my jam in here  
It's the inferno  
If you don't know it, baby, now you know  
Say oh-wee-oh-wee-oh  
Come on, oh-wee-oh-wee-oh

You can't touch me  
I'm too, too, too, too high up  
You can't touch me  
I'm about to, to, to, to rise up  
Look at me, look at me, look at me  
Ooh-ah, ooh-ah, ooh-ah

I'm on fiyah  
I'm on f-f-f-fiyah  
I'm on fiyah  
I'm on f-f-f-fiyah  
I'm on fiyah, on fiyah, on fiyah, on fiyah, on fiyah (fiyah)

I rock like this (I rock like this)  
I make it hot like this (I make it hot like this)  
I'm 'bout to drop it like this  
I'm all the way up, on the top like this (like this)  
I'm advanced like that  
I do my little dance like that  
I kill it, kill it, kill it, kill it, kill it, kill it  
Then I call the ambulance like that  
It's going down in here  
Y'all know I wear the crown in here  
Y'all know I have the gold in here  
All ya like the way it sound in here  
It's a vulcano  
If you didn't know it, baby, now you know

Say oh-wee-oh-wee-oh  
Come on, oh-wee-oh-wee-oh

You can't touch me  
I'm too, too, too, too high up  
You can't touch me  
I'm about to, to, to, to rise up  
Look at me, look at me, look at me  
Ooh-ah, ooh-ah, ooh-ah

I'm on fiyah  
I'm on f-f-f-fiyah (fiyah)  
I'm on fiyah  
I'm on f-f-f-fiyah  
I'm on fiyah, on fiyah, on fiyah, on fiyah, on fiyah (fiyah)

It's gettin' hot in here
