Fool's Gonna Fly

Will Hoge

Shakespeare was a traitor as far as I'm concerned
He wrote a bunch of stories about stuff he never learned
He never loved a woman, least not one as mean as you
Well Romeo would have just split town and tried to find somebod
y new

Oh me, oh my
I've been your fool for so long
And I'm just too tired to try
Oh no, I think it's time
I finally see the truth now, honey
Your fool is gonna fly

Real life ain't the movies, all bathed in black and white
Ain't no script been written that could make this turn out righ
t
You ain't no Audrey Hepburn, and I ain't no leading man
But if this was a movie, I'd say "I don't give a damn"

Oh me, oh my
I've been your fool for so long
And I'm just too tired to try
Oh no, I think it's time
I finally see the truth now, honey
Your fool is gonna fly

Oh me, oh my
I've been your fool for so long
And I'm just too tired to try
Oh no, I think it's time
I finally see the truth now, honey
Your fool is gonna fly

I finally see the truth now, honey
Your fool is gonna fly
