

Saint Agnes

Will Hoge

Got that silver ring
Your daddy brought you home from Spain
Thinkin' it'd make you feel better
See that old blue coat there
Hangin' on the wall, it stops the rain
It don't change the weather

Your heart ain't a prison wall
And love ain't a cannonball
You can't just run from it all
Some day, love
You gotta learn to fall

There's a ballerina
Dancin' in a music box upstairs
Where you used to keep your secrets
Saint Agnes and a rosary
The things you don't believe
And now you think you might need it

Your heart ain't a prison wall
And love ain't a cannonball
You can't just run from it all
Some day, love
You gotta learn to fall

Your heart ain't a prison wall
And love ain't a cannonball
You can't just run from it all
Some day, love
You gotta learn to fall
You gotta learn to fall
Hey
