

The Curse

Will Hoge

You drug me into something so true
But here I am just wandering round with my head in the clouds
Wondering what you're gonna do
But I'm free
To try to find a new song to sing
But I'm here singing the same old thing that you always sing
La la la la la la la
La la la la la la la

And I can still get better
Hell, but I've sure been worse
Maybe you're the one
Maybe you're the one to break the curse
Ah, cause I'm better than you found me
Oh oh oh...

I fell down
Faster than I could hear the sound
Of your voice on the phone telling me things that I should've already known
When I was just an innocent kid

And I can still get better
Hell, but I've sure been worse
Maybe you're the one
Maybe you're the one to break the curse
Ah, cause I'm better than you found me
Oh oh oh...

And I can still get better
Hell, but I've sure been worse
Maybe you're the one
Maybe you're the one
Maybe you're the one to break the curse
Ah, cause I'm better than you found me
Oh oh oh...
Better than you found me
Oh oh oh...
