

# One More Chance

will.i.am

Take me back  
Take me back  
Take me back

I...

Girls girls girls girls  
Girls girls girls girls

Take me back

One more chance - this time around...  
One more chance - let me undo what i've done before

One more chance  
This time around...  
One more chance  
Let me undo what i've done before  
Because i don't want to go  
Another day, another lonely night  
I don't wanna be  
Without you in my life  
One more chance

Baby protect the love  
Lalala (this time around)  
Baby protect the love  
Lalala  
Baby protect the love  
Lalala (this time around)

One more chance  
This time around it's time for a different flow  
A new romance  
Do the things we've never done before

I love you  
I really love you baby

Baby protect the love  
Lalala (this time around)  
Baby protect the love  
Lalala  
Baby protect the love  
Lalala (this time around)
