Fall Again

Will Oldham

Look all the press Face in the ground Got undressed Went around town Takin' the clothes Place in the grass What do you know Coming on fast

All day so
They boge in do bo
When you call the name
Of they sing or they
I bmal bahl
Hope they leave
And fall again

Da da da da
Hail the ga
Just ends a love
Fall and then rise
Tops off to you
Gave it again
That's what to do
Saving a friend

All day so
They boge in do bo
When you call the name
Of they sing or they
I bmal bahl
Hope they leave
And fall again

All day so
They boge in do bo
When you call the name
Of they sing or they
I bmal bahl
Hope they leave
And fall again

All day so
They boge in do bo
When you call the name
Of they sing or they
I bmal bahl
Hope they leave
And fall again
Fall again
