

First Love

Will Smith

Quiero ese primer amor
Quiero quitarte la camisa
Y ver como estos dos cuerpos
Tiemblan en su primera cita
Quiero ese primer reneo
Yo quiero la primera llama
Y como dice camarón
Fuego en la sangre

Nos corre
Nos corre
Nos corre a los dos

I want that first love
You know that first time
I want them first eyes
I want that first high
I want that first passion
I want them first hugs
I want them hard cries
I want that first love
I want that first love
You know that first smile
You know that first chuckle
I want that first wow
I want that first chill
I need that first Will
I want that first moment
Feel like the Earth still

I want that Adam & Eve
Snakes be trying to deceive us
Poison our mind with da evils
But I don't be trying to believe them
Nobody said it be easy
But why, it used to be easy
Every heart will be broken
But what do we do with the pieces
We've got a natural affinity
Natural energy, matching infity
We're not gon' break up this energy
No negativity, love is divinity
Healing all enemies, this is the remedy
Had an epiphany, her femininity, my masculinity
Magical symmetry, out of our misery
This is what's meant to be

I want that first love
You know that first time
I want them first eyes
I want that first high
I want that first passion
I want them first hugs
I want them hard cries
I want that first love

Open your heart again

Entrégame tu soul
Aunque sabemos que nos podemos perder
You need to learn, mi amor
A amar sin perfección
Como dos niños en su primer amor
De los clavitos
Que de la cruz de esta condena
Que misma sangre de mis venas
Tienes que llorar
De los clavitos
Que de la cruz de esta condena
Que misma sangre de mis venas
Tienes que llorar

I want that first love
Just like that first time
I want them first eyes
I want that first high
I want that first passion
I want them first hugs
I want them hard cries
I want that first love
I want that first love
