

Just Kickin' It

Will Smith

The F-L-Y guy
About to toss some action
Here I go again with a groove to move you
Somethin' kinda smooth, you can bop your head to
Chill it, the feel, you can play it anytime
Its smooth, is the groove, play it back behind the rhyme
So please, put a freeze, on hooving and hollering
Fans deserve more, for their hip-hop dollar, man
And I'm just the rapper to deliver
The rapper that can give a
Funky rhyme, flowing like a river
Silky, silky, kind to the ear
Diction perfect, rhymes all clear
Tempo moderate, this ain't no marathon
Step back, new jack's, observe the paragon
Ha, who? what?, why?, when?
Don't be looking around clown, that's right, I'm back again
With the dopeness, you're head is bopping isn't it?
Yeah I thought so. Yo, I'm just kickin' it.

Yeah---
Just kickin' it'
