

# Make It Look Easy

Will Smith

Make it, make it, make it, make it look easy  
Make it, make it, make it, make it look easy  
Make it, make it, make it, make it look easy  
Make it, make it, make it, make it look easy

They say you make it look easy  
They really mean that  
I never shown that I'm bleeding  
I make it look easy  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)

Give it to me when the game on the line  
Rain or shine, all fine, all fine, yeah  
Give it to me when we runnin' outta time (Runnin' outta time)  
Get behind me when they comin' for you  
I take the hits and the misses  
The risks and the disses (Ha-ha, look)  
Even when they happy or they vicious  
That don't change who Will Smith is

The architect, the artist that they  
Call for when they hard to mess up  
Star from West Philly to Parks and Rec  
Say he ain't lost a step, you are correct  
It's the key to life (Eh-eh, oh-oh)  
Be the light (Eh-eh, oh-oh)  
Sing it like (Eh-eh, oh-oh)  
Sing it like

They say you make it look easy  
They really mean that  
I never shown that I'm bleeding  
I make it look easy  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
They say you make it look easy  
They really mean that  
I never shown that I'm bleeding  
I make it look easy  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)

Life throw punches, you got to roll with it  
Rivers start to rise, got to flow with it

I ain't stopping at the sky, got no limits  
Ask 'cause I don't do it, that's my soul in it  
Everybody wanna win the whole thing  
Haters, they be acting like it's no ting  
See, I'm one of them ones that won the whole ting  
But we ain't gotta talk about them old rings

'Cause life gon' keep lifin'  
Knives gon' keep knifin'  
Spike gon' keep spightin'  
And that's why the light gon' keep lightin', ayy  
It's the key to life (Eh-eh, oh-oh)  
Be the light (Eh-eh, oh-oh)  
Sing it like (Eh-eh, oh-oh)  
Sing it like

They say you make it look easy  
They really mean that  
I never shown that I'm bleeding  
I make it look easy  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
They say you make it look easy  
They really mean that  
I never shown that I'm bleeding  
I make it look easy  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy, yeah, yeah (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)  
I make it look easy (Make it, make it, make it, make it look easy)

Eh-eh, oh-oh  
Eh-eh, oh-oh  
Eh-eh, oh-oh  
Eh-eh, oh-oh  
Make it, make it, make it, make it look easy  
Make it, make it, make it, make it look easy  
Make it, make it, make it, make it look easy  
Make it, make it, make it, make it look easy
