

Now or Never

Will Sparks

Baby, you
Make me feel like I'm dreaming
I don't wanna wake up
And tonight
Oh, I can't fight this feeling
And I can't live without your love

And we don't have forever
Stay, stay with me
We won't live forever
Say that you're not leaving my side

So tell me if you feel this way
And if you wanna be alive

But we don't have forever
It's now or never

Now or never

Baby, you
Make me feel like I'm dreaming
I don't wanna wake up
And tonight
Oh, I can't fight this feeling
And I can't live without your love

And we don't have forever
Stay, stay with me
We won't live forever
Say that you're not leaving my side

So tell me if you feel this way
And if you wanna be alive

But we don't have forever
It's now or never

Now or never
