

Pulse

Will Sparks

Take a breath, check your pulse
Test your senses, my rhythm
Call the doctor to save your soul
'Cause when it hits you, lose control
Take a breath, check your pulse
Test your senses, my rhythm
Call the doctor to save your soul
'Cause when it hits you, lose control

Lose control

Lose control

Take a breath, check your pulse
Test your senses, my rhythm
Call the doctor to save your soul
'Cause when it hits you, lose control

Take a breath, check your pulse
Test your senses, my rhythm
Call the doctor to save your soul
'Cause when it hits you, lose control
Lose control
