

Scars

Will Sparks

I think I need a break
Don't care how long it takes
You know I hate the way
You make me feel so dark
You really broke my heart
You open up my scars
I think I need a break
Don't care how long it takes
You know I hate the way
You make me feel so dark
You really broke my heart
You open up my scars

I think I need a break
Don't care how long it takes
You know I hate the way
You make me feel so dark
You really broke my heart
You open up my scars
I think I need a break
Don't care how long it takes
You know I hate the way
You make me feel so dark
You really broke my heart
You open up my scars

I think I need a break
Don't care how long it takes
You know I hate the way
You make me feel so dark
You really broke my heart
You open up my scars

I think I
