

# Faithless Love

Will Young

We're fading in and out of love  
Like the golden years are over  
Still holding out for closure  
Time will only heal so much  
Dove too deep swimming through the rivers  
Drowning in our own decisions

Just say the word and I'll go  
It's too late for me to right wrongs  
I sold my soul  
When I took the wrong road home  
I guess it's time for us to move on  
There's no crime admitting it's gone  
I sold my soul  
When I took the wrong road home

I guess we've both moved on  
I don't know cause you don't call  
Always had our flaws  
Now our faithless love is lost  
I guess we've both moved on  
I don't know cause we don't talk  
Never would have thought  
Our faithless love is lost  
Our faithless love is lost

Well we've watered down the truth enough  
Growing impatience feeds our frustration  
We're too weak to confront the situation  
The absence of trust is complicated  
Lies are overrated  
Convoluted fabrications  
I never opened my eyes  
It's too late to emphasize the good times

Just say the word and I'll go  
It's too late for me to right wrongs  
I sold my soul  
When I took the wrong road home

I guess we've both moved on  
I don't know cause you don't call  
Always had our flaws  
Now our faithless love is lost  
I guess we've both moved on  
I don't know cause we don't talk  
Never would have thought  
Our faithless love is lost  
Our faithless love is lost  
Our faithless love is lost  
Our faithless love is lost  
Our faithless love is lost

I guess we've both moved on  
I don't know cause you don't call  
Always had our flaws  
Now our faithless love is lost

I guess we've both moved on  
I don't know cause we don't talk  
Never would have thought  
Our faithless love is lost
