

Freedom

Will Young

Tell me what you dream of
I know you've seen it all your life
Visions never let go
You are haunted all the time

We've been craving for so long
Freedom, freedom
We've been waiting for so long
Freedom, freedom

(Get up, get up, get up
Get up, get up, get up
Get up, get up, get up
Get up, get up, get up)

Everything is changing
Yet everything remains the same
Worlds inside you turning
Now there's a chance you've gotta take

We've been craving for so long
Freedom, freedom
We've been waiting for so long
Freedom, freedom

(Get up, get up, get up
Get up, get up, get up
Get up, get up, get up
Get up, get up, get up)

Tell me what you dream of
Tell me what you dream of
Tell me what you dream of
Tell me what you dream of
