

# Indestructible

Will Young

I'm going backwards through time at the speed of light  
I'm yours, you're mine, two satellites  
Not alone, no, we're not alone

A freeze-frame of your eye in the strobe light  
Sweat dripping down from your brow, hold tight  
Don't let go, don't you let me go

And I never was smart with love  
I let the bad ones in and the good ones go

But I'm gonna love you like I've never been hurt before  
I'm gonna love you like I'm indestructible  
Your love is ultra magnetic and it's taking over  
This is hardcore and I'm indestructible

Hands up in the air like we don't care  
We're shooting deep into space  
And the lasers split the dark  
Cut right through the dark

It's just us, we ignore the crowd dancing  
Fall to the floor, beats in my heart  
Put your hands on my heart

And I never was smart with love  
I let the bad ones in and the good ones go

But I'm gonna love you like I've never been hurt before  
I'm gonna love you like I'm indestructible  
Your love is ultra magnetic and it's taking over  
This is hardcore

Ooh, and I'm gonna love you like  
Like I've never been hurt before  
I'm gonna love you like I'm indestructible  
Your love is ultra magnetic and it's taking over  
This is hardcore, ooh, oh

Ooh, and I'm gonna love you like

And I never was smart with love  
I let the bad ones in and the good ones go

But I'm gonna love you like I've never been hurt before  
I'm gonna love you like I'm indestructible  
Your love is ultra magnetic and it's taking over  
This is hardcore

Ooh, and I'm gonna love you  
Like I've never been hurt before  
I'm gonna love you like I'm indestructible  
Your love is ultra magnetic and it's taking over  
This is hardcore and I'm indestructible
