

Me Without You

Will Young

For a moment you hold me close
Every second feels so slow
Shivers go down my back and soul
I forget every love I've known

Oh don't runaway runaway runaway
Now that you've come my way come my way come my way
Storm in my veins let it rain let it rain oh
Wish that I could hold you now

Oh I can't survive
Living my life
Me without you
It's like a sky without blue

Oh I can't survive
One more goodbye
What would I do
If it was me without you

Without you
What would I, what would I
Without you
What would I, what would I

Make me swim in your sea of gold, (make me swim in your sea of gold)
Give me love like I've never known
From the floor to the roof we go we go we go
Feels real but your touch is cold

Oh don't runaway runaway runaway
Now that you've come my way come my way come my way
Storm in my veins let it rain let it rain oh
I wish that I could hold you now
(I wish that I could hold you now)

Oh I can't survive
Living my life
Me without you
It's like a sky without blue

Oh I can't survive
One more goodbye
What would I do
If it was me without you

Without you
What would I, what would I, (what would I do)
Without you
What would I, what would I, (what would I do)
Without you
What would I, what would I, (what would I do)

(Without you
What would I, what would I)

Without you

What would I, what would I

Without you
What would I, what would I

Without you
What would I, what would I

Without you
What would I, what would I

Oh I can't survive
Living my life
Me without you
It's like a sky without blue

Oh I can't survive
One more goodbye
What would I do
If it was me without you

(Me without you)
(Me without you)
(Me, me without you)
(Can't survive)
(Yeah, yeah, yeah)
(Survive)
(What would I do)
