

Why Does It Hurt

Will Young

When the storm is over, I'll be on my way
Think I want the danger, only feel the pain

Then I bring the night, people always come
Thinking of the one, then I'm gone
Running all the time, always on my mind
Talking all the time about you

Why does it hurt? Why is it hurting?
Why does it hurt all the time?
Why must I hurt to feel something?
Why must I hurt myself all the time?
Why does it hurt? Why is it hurting?
Why does it hurt all the time?
Why must I hurt to feel something?
Why must I hurt myself all the time?

Keep on feeling the pressure, building in my mind
How can I get out of here if I ignore the signs?

Hold me in the dark (Hold me in the dark), kiss me one more time (Kiss me on
e more time)
This ain't gonna last and we know it
So I bring the light (So I bring the light), people always come (People alwa
ys come)
Killing myself slowly this time

Why does it hurt? Why is it hurting?
Why does it hurt all the time?
Why must I hurt to feel something?
Why must I hurt myself all the time?
Why does it hurt? Why is it hurting?
Why does it hurt all the time?
Why must I hurt to feel something?
Why must I hurt myself all the time?

It's killing me
I cannot escape it
It's killing me

Why does it hurt? Why is it hurting?
Why does it hurt all the time?
Why must I hurt to feel something?
Why must I hurt myself all the time?
Why does it hurt? Why is it hurting?
Why does it hurt all the time?
Why must I hurt to feel something?
Why must I hurt myself all the time?

Why must I hurt to feel something?
Why must I hurt myself all the time?
