

Get It While It's Hot

William Bell

(Hey, baby, come and get this love)

I've been savin' my love for so long
Waiting for the right girl to come along (Waiting for the right
girl)
Now you're here, don't waste a minute, my dear
We've come so far and love is so near (Waiting for the right gi
rl)
I've been lookin' at you, you've been watching me too
Now's the time for action, here's what you oughta do

Hey, baby
(Hey, baby, come and get this love)
Come and get this love I've got
You oughta have it, girl, yeah
Hey, baby
(Hey, baby, come and get this love)
Come and get it, while it's hot
(Get it while it's hot)

I can see in your eyes, you're lonely like me
(I can see you're lonely)
Release your pent-up emotions, come on, set 'em free, yeah
You've got one life to live, make every day count
Look for love and affection in any amount
But, be true to yourself (Just be true)
Live your life your way
Don't put off 'til tomorrow what we wanna do today

Hey, baby
(Hey, baby)
Come and get this love I've got (Come and get this love)
Yeah, pretty baby
(Pretty baby)
Come and get it while it's hot (Come and get this love)
(Get it while it's hot)
Hey, baby
Come and get this love I've got (Hey, baby, come and get this l
ove)
