

Share What You Got (But Keep What You Need)

William Bell

I'll give a friend my last dime
I'd leave a job to do a favor any old time
But I won't share my baby
She's not part of a good deed
And I'll tell anybody
Share what you got
But keep what you need

If you can't pay your rent
Come on today with me
I'm your friend
And you know I wanna be
But don't touch my baby
She's my only lil' flower seed
And I'll tell anybody
Share what you got
But keep what you need

I need my baby
Can't let her go
Friend don't ask for her
I'd just have to tell you no no no no

That's why I say
Share what you got
But keep what you need
I won't share my baby
Share what you got
But keep what you need
Friend don't ask for her
Share what you got
But keep what you need
I can't share my baby
Share what you got
But keep what you need
