

Back Together

William Black

I'm drownin' in my thoughts again tonight
Not sure that I'm gonna make it out alive
I broke my heart in pieces, now I'm feelin' like I lost my mind
Don't know how to keep on going but I'll try

I lost my perspective, sometimes it's hard
See how far I've made it out of the dark
'Cause half of my world just ran out of my arms
And healin's the hardest part

I'm breakin' free, I'll cut the tether
That tried to hold me down
I got a taste of feelin' better
Like I could live somehow
One step, one day at a time
Getting close, I can see the light
I'll keep on tryna find my center
Until I'm back together

Until I'm back together
Until I'm back together
Until I'm back together

Nothing's gonna help to heal the hurt (Ah)
Long as I keep on believin' I deserve it (Believin' I deserve it)
Maybe today's the day I'll walk away from takin' all the blame
'Cause if I carry it then none of this will change, oh

I'm breakin' free, I'll cut the tether
That tried to hold me down
I got a taste of feelin' better
Like I could live somehow
One step, one day at a time (One day at a time)
Getting close, I can see the light (Light)
I'll keep on tryna find my center
Until I'm back together

Until I'm back together
Until I'm back together
Until I'm back together

I'll keep on tryna find my center
Until I'm back together
