

Hallucinate

William Black

I try to shut you up
But all I get is carried away, carried away
Tell you I've heard enough
But every time there's something to say, something to say

Help me hallucinate, ooh
These visuals I crave, ooh
Help me hallucinate, ooh
These visuals I crave, ooh

Help me hallucinate, ooh
These visuals I crave, ooh

My mind has opened fire
You were the mountains burning away, burning away
Kept creeping closer still
But every outcome ended the same, ended the same

Help me hallucinate, ooh
These visuals I crave, ooh
Help me hallucinate, ooh
These visuals I crave, ooh

Help me hallucinate, ooh
These visuals I crave, ooh
