

Last Forever

William Black

Save me
'Cause we're hanging off the edge
Nearly breakin'
Now you're all up in your head
And we say things
That we know we don't really mean
And we're tired
'Cause we ain't sleepin' at all
In a fire
Bring us closer to the fall
If we go down, we go down in flames

If it doesn't last forever
At least we'll always say we tried
If it's gonna fade to never
At least we'll always burning bright

Oh, 'cause if this is all that we are
Shadows and love in the dark
Hold on till we fall apart
And if it doesn't last forever
At least we'll always say, at least we'll always say we tried

At least we'll always say we tried
At least we'll always say we tried

Stop me
Yeah, I'll take you to the grave
Let it haunt me
What are we even tryna save
If we'll go down, we'll go down in flames

If it doesn't last forever
At least we'll always say we tried
If it's gonna fade to never
At least we'll always burning bright

Oh, 'cause if this is all that we are
Shadows who love in the dark
Hold until we fall apart
And if it doesn't last forever
At least we'll always say, at least we'll always say we tried

Oh-oh, oh-oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh-oh
At least we'll always say we tried
Oh-oh, oh-oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh-oh
At least we'll always say we tried

Oh-oh, oh-oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh-oh
Oh-oh, oh-oh-oh-oh-oh

If it doesn't last forever

(Forever)

At least we'll always say we tried

If it's gonna fade to never

(Never)

At least we'll always burning bright

If we're gonna fall together

At least you tell me to the sky

If it doesn't last forever

At least we'll always say

At least we'll always say we treid
