

Only Reason

William Black

I've never been good with words
Not much of poet and you know when it hurts
The things that I keep inside
I'm the type to go silent when it's violent in the battlefield of my mind

You gave me the things that I needed
I was just too fucked up to see it
I'm sorry, I was blind
Open my eyes and see your face
The first time that I felt God's grace
And I never seen you cry
Oh, oh-oh

On the bathroom floor
With a kicked down door
You came and stopped the bleeding now
And I want you to know
That you are the only reason
I'm still breathing

I'm still breathing
I'm still breathing
You are the only reason
I'm still breathing
I'm still breathing
You are the only reason
You are the only reason
You are the only reason

I sat on the passenger's side
It's like you felt it 'cause you said, "What's on your mind"
Got grand plans for me tonight
I'll write a letter, I'll be better, I swear, just give it time

You gave me the things that I needed
I was just too fucked up to see it
I'm sorry, I was blind
Open my eyes and see your face
The first time that I felt God's grace
And I never seen you cry
Oh, oh-oh

On the bathroom floor
With a kicked down door
You came and stopped the bleeding now
And I want you to know
That you are the only reason
I'm still breathing

I'm still breathing
I'm still breathing
You are the only reason
I'm still breathing
I'm still breathing
You are the only reason

You are the only reason

I'm still breathing
I'm still breathing
You are the only reason
I'm still breathing
I'm still breathing
You are the only reason
