

# Goner

William Clark Green

She didn't know what she was she was doin'  
Chasin' a bullet from a gun  
She shoulda looked where I was shootin'  
Never meant to hurt anyone

I'm an dreamer  
And under-thinker  
And over-drinker  
I'm gettin' meaner  
I'm a fall-in-love-er  
A bridge-burner  
I'm never ever gonna learn

She ain't a sit-around-and-wait-er  
Gonna find someone better  
Who can love a little stronger  
She's a goner

I never questioned her innocence  
So point your fingers right here  
You don't know what forever is  
Until you watch it disappear

I'm an dreamer  
And under-thinker  
And over-drinker  
I'm gettin' meaner  
I'm a fall-in-love-er  
A bridge-burner  
I'm never ever gonna learn

She ain't a sit-around-and-wait-er  
Gonna find someone better  
Who can love a little stronger  
She's a goner

She ain't a sit-around-and-wait-er  
Gonna find someone better  
Who can love a little stronger  
She ain't a sit-around-and-wait-er  
Gonna find someone better  
Who can love a little stronger  
She's a goner  
She's a goner  
Man, she's a goner
